

Thanks for purchasing NITECORE! Please read this manual carefully before using the product and follow the instructions. This manual contains important safety information and operating instructions. Please keep it for future reference. In case of updates, please refer to the latest version available on the official website.

Warning

- This product is intended for use by adults aged 18 and over. Please keep this product out of the reach of children.
- CAUTION! Possible dangerous radiation! DO NOT stare directly into the light beam or shine the light directly into the eyes of anyone!
- The product will generate massive heat during prolonged operation. Please exercise caution during use. It is recommended not to use high brightness levels for extended periods to prevent burns and product damage.
- DO NOT expose the product or put it close to other objects, as this may cause damage to the product and accidents due to high temperatures.
- DO NOT use the product to illuminate flammable or explosive materials, as the high heat may lead to combustion or explosion.
- Please use the product in a standard manner to avoid accidents in the event of product failure.
- DO NOT submerge the product into any liquid when it is hot. Doing so may cause irreparable damage to the light due to the difference of air pressure inside and outside of the tube.
- When the product is placed in an enclosed or flammable environment such as a pocket or backpack, or when it is left unused for an extended period, please turn off the product and activate the Lockout Mode to avoid accidental activation and dangers caused by excessive heat.
- DO NOT expose the product to temperatures above 60°C (140°F) for prolonged time, as this poses a risk of battery explosion or combustion.
- Please recharge the product with the original charging cable to avoid shortening the lifespan of the battery.
- Please recharge the product every 6 months when left unused for a prolonged time.
- DO NOT disassemble or modify this product as doing so will cause damage to it and render the product warranty invalid. Please refer to the warranty section in the manual for complete warranty information.

Battery Safety

Improper use of devices with built-in Li-ion batteries may result in severe battery damage or safety hazards such as combustion or explosion. DO NOT use the device if it is damaged. DO NOT disassemble, puncture, cut, crush, or incinerate the device. If any leakage or abnormal odor is noticed, stop using the device immediately. Dispose of the device/batteries in accordance with applicable local laws and regulations.

Features

- Max output of 1,400 lumens
- Red light illumination designed for protecting the night vision
- Utilizes a unibody optical lens system with various facets for reflecting a uniform and soft light
- Built-in 3,400mAh Li-ion battery
- Built-in intelligent Li-ion battery charging circuit with a USB-C charging port (5V-2A)
- Designed with two buttons different in shape and touch, offering easy one-handed operation
- 5 brightness levels, 2 light sources, and 3 special modes available
- Designed with 4 power indicators to indicate the remaining battery power
- MODE-Taste. Die entsprechenden Informationen und Bedienungsanweisungen sind im Handbuche enthalten.
- Made from durable PC material with an aluminum alloy front housing
- Compact and lightweight
- Impact resistant to 2 meters
- Waterproof and dustproof rating in accordance with IP68

Specifications

Dimensions: 79.8mm x 46.1mm x 43.9mm (3.14" x 1.81" x 1.73") (Bracket Included)
Weight: 116g (4.09 oz) (Bracket and Headband Included)
94g (3.32 oz) (Bracket Included)

Accessories

USB-C Charging Cable, Headband

Technical Data

Note: The stated data is measured by using the built-in Li-ion battery (3.6V / 3,400mAh) in accordance with the international flashlight testing standards IEC61010-1, IEC61010-2, IEC61010-3, IEC61010-4, IEC61010-5, IEC61010-6, IEC61010-7, IEC61010-8, IEC61010-9, IEC61010-10, IEC61010-11, IEC61010-12, IEC61010-13, IEC61010-14, IEC61010-15, IEC61010-16, IEC61010-17, IEC61010-18,
